“ Barry was truly one of the kindest people I've had the pleasure of knowing. He was easy to talk to but also a lot of fun to be around- he cracked himself up and laughed that infectious laugh. I moved away from Jeff City 7 years ago, but I think of him often especially when I hear music we liked in common. Wild and Blue by John Anderson always reminds me of Barry because he was the first to play it for me. I could go on as I'm sure everyone else who knew him will. I can safely say heaven just acquired a new angel. Fly high my friend until we meet again. Love you
